What’s up? A one-day meeting to provide information about development of One-Stop service delivery and related business planning. The focus will be on collaborative processes that work for all partners (WIA required and non-required) in a One-Stop endeavor. Current status of Ohio and federal legislative activity will be highlighted.

Daryl Hennessy, Executive Director of the Governor’s Ohio Workforce Policy Board and Manager of the Ohio Department of Development’s (ODOD) Office of Workforce Development, will share the Board’s vision for development of Ohio’s One-Stop service delivery system. Then, Tom Hutter and Sue McKitrick of the Ohio Department of Job and Family Services will present about One-Stop business planning. In the afternoon, there will be time for local teams to plan for and share with other teams ways to successfully engage in local One–Stop business planning.

Who should attend? Common Good Local Linkage Teams (LLTs) and/or representatives of organizations desiring to maximize collaboration efforts. Active LLTs and inactive LLTS seeking to revitalize will be given priority registration. Individuals who would like to take leadership in forming a local team should also attend.
