Standard(s) Addressed in Lesson				
Read with Understanding				
Benchmark(s) Addressed in Lesson				
R.4.6. Select and use print and electronic reference materials (for example, web search) to determine				
and clarify word meaning.				
Materials				
computer, internet, list of unfamiliar words from text				
Learner Prior Knowledge Students should have basic knowledge of computer and internet.				
Activities				
<u>Step 1</u> Students bring an assignment from a textbook from their specific program of study. From this text the students will identify unfamiliar words.				
<u>Step 2</u> Go to <u>www.dictionary.com</u> on the internet.				
<u>Step 3</u> Type in word. The online dictionary will give pronunciation, part of speech, definition, origin and history, synonyms, and use in sentence.				
Step 4 Click on auditory feature if student wants to hear the word pronounced.				
Assessment/Evidence				
Student comprehension of unfamiliar vocabulary words.				
Adaptations for Beginning Students				
Beginning students will input words from easier texts and might work with a partner. Adaptations for Advanced Students				
Advanced students can write sentences using the words and might also use the thesaurus feature.				
Advanced stadents can write sentences using the words and might also use the thesaulus leature.
